This magnificent property is one of a kind, with huge earning potential as an ongoing boutique hotel/apartments.

The property at the moment is divided into 7 apartments each with separate bathrooms and kitchens. It is a highly successful holiday let business within easy walking distance of the picturesque town of Altea. Decorated throughout in a Moroccan style the business is being sold fully equipped. At present the owner lives within the property but due to retirement wished to sell as an ongoing concern. With the possibility of buying the S.L company including a web page and all history of bookings and past clientele. The property needs to be viewed to appreciate the quirky styling and the huge potential. The earning potential over a 3 month period for lettings over the summer is €60,000, however the property can be rented out the whole year, therefore the earning potential is very high!
